Summary

Mechanical Engineer professional with experience in GD&T.;

Skills

Product Design, SolidWorks, MATLAB, GD&T, CNC Machining, AutoCAD

Experience

Mechanical Engineer — Vanguard Machine Works, Berlin, Germany (2018/2020)

- Analyzed a project involving SolidWorks for 10,000+ users
- Managed a project involving MATLAB by 35%
- Managed a solution using SolidWorks by 35%

Manufacturing Engineer — Falcon Engineering Co., Berlin, Germany (2020 - 2023)

- Optimized a project involving CNC Machining
- Coordinated a system for Six Sigma for 10,000+ users
- Managed a system for Product Design within tight deadlines

Manufacturing Engineer — Hartwell Manufacturing, Remote (2023-2026)

- Launched a system for Product Design
- Analyzed processes related to MATLAB for 10,000+ users
- Led a project involving Thermodynamics within tight deadlines

Education

Diploma in Electrical Technology, National University of Sciences & Technology (2018)
