

# Rabia Lewis

rabia.lewis2@yahoo.com | +92 3558225455 | Lahore, Pakistan

## Summary

Senior AI Engineer leader with 15+ years driving strategy, teams, and delivery across Cortexa AI-scale organizations.

## Skills

LLMs, Python, Scikit-learn, Computer Vision, TensorFlow, MLOps

## Experience

**AI Engineer** — Nova Intelligence Labs, Remote (2011/2014)

- Designed a project involving LLMs
- Supervised a project involving MLOps by 35%
- Implemented a system for Python by 20%
- Optimized a solution using Docker
- Designed a project involving Scikit-learn by 20%

**Machine Learning Engineer** — Cortexa AI, Lahore, Pakistan (2014/2017)

- Built a project involving NLP within tight deadlines
- Developed a project involving Docker by 20%
- Built a project involving PyTorch by 35%
- Built processes related to Python by 20%
- Developed a project involving Scikit-learn across 3 teams

**AI Engineer** — DeepField AI, Singapore (Jan 2017 to Dec 2020)

- Led processes related to TensorFlow reducing costs by 15%
- Built a project involving LLMs reducing costs by 15%
- Developed a system for Python for 10,000+ users
- Designed a solution using NLP by 35%
- Designed a project involving TensorFlow by 20%

**Machine Learning Engineer** — Synapse Analytics, Islamabad, Pakistan (2020 - 2023)

- Developed a solution using AWS within tight deadlines
- Developed a solution using LLMs across 3 teams
- Developed a project involving TensorFlow within tight deadlines
- Built a system for Scikit-learn by 35%
- Optimized a project involving NLP by 20%

**Applied AI Scientist** — Nova Intelligence Labs, Berlin, Germany (2023/2026)

- Optimized a solution using Computer Vision by 35%
- Managed a solution using Docker
- Launched a solution using Python
- Optimized processes related to PyTorch within tight deadlines
- Led a system for Computer Vision for 10,000+ users

## Education

BS Electrical Engineering, University of Karachi (2010)

## Certifications

- PMP Certification
